Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1.00 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how they use their wireless phone, especially for a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

I am one of the ones that uses the Tracfone for emergency usage. I do not call state to state. Just locally. If you feel you must rate such a charge. Charge to the ones that use it as a state to state calling device.  
DON'T TAKE IT OUT ON ALL THE USERS, Just the ones that it would really effect.

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,

Martha Moorehead
